### **Carmel Dream Home Purchase**

As we often do on New Year's Day, Debbie and I were reflecting back on the events of our life that took place over the course of the last year. In doing so we both agreed that meeting you and your incredible team was a life changing experience in the most positive way possible.

We have moved many times over the past 33 years and as a result have bought and sold a lot of real estate. Never before have we had the kind of complete level of care and commitment that you afforded us. Moving is never easy and moving nearly 2000 miles is even more difficult. Working with you made the process simple, easy and without the kind of friction we have incurred during previous relocations.

## **Tehama Luxury Home Seller**

Helen and I appreciate all you did in selling our Tehama home. You are professional, energetic, detail oriented and enthusiastic. This was the smoothest closing we have ever experienced. We would recommend your services to anyone looking to buy or sell a home on the Monterey Peninsula!

## **Land Purchase for Dream Home in Tehama**

When we initially approached Tehama Realty we were quite new to the whole idea of building a custom home, so we were cautious prospects to say the least! On our first meeting Mike listened carefully to our needs and to our reasons for wanting to explore the building process. He gave us some history about the way property sales at Tehama had recently evolved then took us to see some lots. The very first one was perfect for us

Throughout our decision making process Mike was patient, thorough, knowledgeable and informative. We never felt sales pressure from him. He helped us with a list of architects, builders and principals within the Tehama planned community. Once we became owners and members, Mike continued to support our efforts by making us feel part of the community we had joined. He did this by including us in social events and gatherings that put us in touch with other buyers, golf club members and future neighbors.
